Programme delivery and funding

MAXIMUS UK is delivering this European Social Fund programme until June 2023, on behalf of the Greater London Combined Authority.

Our delivery is via the Local London boroughs, this partnership is responsible for commissioning the UK Government's Work and Health Programme in East and South East London.

Participants will be supported remotely, and until EET targets are reached for 26 out of 32 weeks. As Government guidance on social distancing changes and we feel that it is safe to do so, we will resume face-to-face support.
